

I am a Klove listener in va. beach. I start my day with it as a time to meditate on my God before I go to work . I listen to it on the way home as a way to unwind and get my mind back in focus before i get home. To lose this is almost a betrayal of my religious freedom. I don't have to worry about what my children are going to hear , yet I still receive all the pertinent news whether it be good or bad. Please do not take these priviledges away from me and all the other people in this country who listen and support this station on their own. Not to mention the lives that it has changed all for the better and by the grace of God. We need this station please let us keep it in our air waves. Thankyou.
